

## HE'S IN BERLIN

DR. A. W. TEEL IN THE LAND OF THE HAS-BEEN HOHEN-ZOLLERN

"On to Berlin," was the constant rallying cry of the Yankee boys. Very few of them realized this wish, but one Glendale man, at least, has landed there, Capt. Dr. A. W. Teel. It will be noted that his description of conditions there, in the letter below, does not bear out newspaper stories of "plenty to eat." The letter head bears the legend: Hotel Adlon, Berlin W. Unter den Linden 1, am Pariser Platz. The letter follows:

Berlin, Germany,  
March 20, '19.

Dear Ida and All:—

Well, here I am in Berlin and have orders to go to Ruhleben, Germany, to look after the eye cases, mostly among the Russian prisoners. This is close to Berlin. I am very fortunate to get this place, so I am told. Conditions here in Berlin are very bad. The people have scarcely anything to eat. This morning I had for my breakfast rye war bread, one and one-half slices, small amount of jam and weak tea. The boys are all complaining but me. I think it a great experience. I tell them to just keep smiling. They say they can't do it when they are hungry. By getting a bread ticket I fared a little better at noon. I understand the Red Cross furnishes us something to eat where I am to be located.

The German soldiers, some of them, look at us with utter contempt. I try to not notice it. I have seen the Kaiser's church, the Crown Prince's palace and Alexander Place, where the Spartacists had their riot, etc. It wasn't any too safe to visit these places, but then I wasn't at all afraid. I expect to have a pretty hard time of it, but then I know I am equal to any emergency that may arise. By reading the magazines and newspapers, you may better be able to guess when I will get home than I can. I certainly will be happy when I get orders for home. The weather here is very cold, but the sun has shone all day. Had a good bed to sleep in last night. Have had to sit up and sleep five nights out of seven, but one thing is certain, I feel well, and that is fine. Don't know when I will get your letters. Keep writing me the news and I will get them some time.

My address here is "Capt. A. W. Teel, American Military Mission, A. P. O. 946 A. E. F., via headquarters 3d Army, Coblenz, Berlin, Germany."

Affectionately yours,  
AMBROSE.

## AFTERNOON TEA

Monday afternoon Mrs. E. H. Willisford entertained with one of her popular teas at her home, 217 North Orange street, her guest list including: Mrs. R. A. Philippi, Mrs. M. A. Miller, Mrs. J. P. King, Mrs. H. Van Pelt, Mrs. J. H. Franklin, Mrs. G. R. Hendershot, Mrs. C. Kausen, Mrs. J. E. Bellue, Mrs. A. A. Richards, Mrs. F. E. Judy, Mrs. E. C. Turner, Mrs. W. L. Colton, Mrs. W. B. Grigg, Mrs. Frank Blaikie, Mrs. A. C. Eckert, Mrs. Sandlin, Mrs. M. M. Case, Mrs. T. S. Caldwell. It was a delightful informal social affair and dainty refreshments were served.

## HARD AT WORK

COMMITTEE DEVOTES CONSIDERABLE TIME TO DRAFTING CONSTITUTION AND BY-LAWS

Jim McBryde, Capt. Weisenheimer, W. B. Kelly, Howard McGillis and R. E. Barr, the committee appointed at the last meeting of the Defenders' League to draft constitution and by-laws, are taking great interest in their task and are making decided progress. They hold another meeting Friday night to finish the by-laws. They are taking great care in framing these as they desire the organization to be one that will be of direct benefit to every service man. It is designed by the founders of this League to include as active members only those who were actually in service as soldiers, sailors, marines, aviators, truck drivers or helpers, just so they were sworn into war service.

It is sincerely hoped the Elks' Social Hall will be crowded with prospective members of this new League of American Defenders Thursday evening, April 17th, when the reports of the various committees will be read and the book opened for signatures to the membership roll. The League will be of incalculable benefit in many ways and not one service man in the lower San Fernando valley should fail to join.

## IMPORTANT SALE

MR. AND MRS. T. E. LAYTON DISPOSE OF HOME TO W. L. KEMP OF KANSAS CITY

It will be of interest to residents in the east part of Glendale to know that Mr. and Mrs. T. E. Layton of 1345 E. Colorado St. have just disposed of their very attractive property to W. L. Kemp, of Kansas City, retired cattleman, a new comer whose wife and daughter are already here, and who will take possession about the 20th of the month. It will be quite a wrench for Mr. and Mrs. Layton to give up their home as they came here from Holyoke, Mass., in 1912, and located there before Colorado was cut through, purchasing one and one-fourth acres which have a frontage on Colorado of 243 feet and run through to Orange Grove avenue. It was then in walnuts, of which a good many beautiful trees still remain. Others have been removed to make room for the ornamental trees and shrubs with which the Laytons have beautified their grounds, their taste running especially to roses, and it was the lovely rose hedge which marks the western boundary of the property which first attracted the notice of the purchasers. The nine-room house, which might be described as a Swiss chalet, has a pleasant interior, with dark oak woodwork, and is surrounded by cement walks which add to its general attractiveness. This is the most important sale recently recorded in that portion of the city.

Mr. and Mrs. Layton are planning an auto trip to the northern part of the state and when tired of visiting and sight seeing will return to Glendale.

## CHURCH NIGHT SUPPER

The church night meeting at Central Christian last night was well attended and the new committee served a most appetizing supper. At the Sunday School cabinet meeting immediately following, the event of prime interest was the setting of the goal for Children's Day offering at \$150. Last year the goal was \$100 and it was reached, the year before \$50 and the year before that \$25. So it is firmly believed that the \$150 mark will be easily reached. It was also voted to make an effort to make church, Sunday School and C. W. B. M. Auxiliary a Living Link, by making the combined Foreign Missionary offering for the year \$600. An interesting prayer meeting followed, led by F. B. Mattice.

## ARE AGAIN VICTORS

BOWLING TEAM OF GLENDALE ELKS DEFEATS DEL MONTE TEAM IN THREE GAMES

The bowling team of the Glendale Elks Lodge had a very close game Tuesday evening with the Del Monte team of Los Angeles, which has the reputation in some quarters of being the best team in the city. It met its Waterloo here however, as the local team scored a few points above it in each of the three games played. Joe Fortunato had charge of the contest as usual, and made the customary provisions for the pleasure and comfort of the guests of the club. Following was the score:

## WILL GIVE PLAY

The Shakespeare Section of the Tuesday Afternoon Club met with Mrs. Waite, 407 S. Central avenue, Monday. The meeting was an unusual one, in that the ladies took their lunches and spent the day. The forenoon was spent in rehearsing the scenes of "As You Like It," which the section has been asked to give at Downey in the near future. Lunch was enjoyed at noon, the hostess serving cake and coffee. The regular lesson was studied in the afternoon.

## ROBBERY OF ST. LOUIS BANK

\$100,000 IN MONEY AND LIBERTY BONDS SECURED BY EIGHT BANDITS NOW BEING PURSUED

(Special Service to Glendale Evening News)

St. Louis, April 10.—Two hundred armed policemen in thirty autos are pursuing eight bandits toward Kansas City today. The bandits robbed a bank in St. Louis at 10 o'clock this morning, securing \$100,000 in money and Liberty Bonds.

## AFTERCLAP OF TORNADO

FIRECE BLIZZARD SWEEPS NEBRASKA, NEW MEXICO AND PANHANDLE DISTRICT OF TEXAS

(Special Service to Glendale Evening News)

Denver, April 10.—A fierce snow and wind storm in Kansas, Nebraska, New Mexico and the Panhandle district in Texas, coupled with the tornado in Northern Texas, Southern Oklahoma and a portion of Arkansas, has completely severed all communication between the Pacific Coast and the East. The storm area is the most widespread in years and the total loss of life will run into scores.

West-bound trains are stalled. Heavy losses of stock are threatened. Reports indicate the loss of life in Texas and Oklahoma will reach 150 and that whole towns have been destroyed. Hastings, Neb., which was the last town heard from east of Denver, reported a blizzard racing toward Omaha with intense fury.

## LOSS OF LIFE AND PROPERTY HEAVY

(Special Service to Glendale Evening News)

Dallas, Texas, April 10.—Information received here today shows 97 known dead in Texas and Southern Oklahoma as a result of Wednesday's storm. The indications are the death list will be increased when communications are restored with several of the smaller villages in Texas where it is believed the loss of life has been extremely heavy.

The damage to crops will probably total many millions of dollars. The principal Texas crops are at a stage where they are most susceptible to damage.

One of the world's most important oil districts, near Burnett, Texas, and Wallace, Oklahoma, suffered damage which will run into hundreds of thousands of dollars. Sections of the Lawton, Oklahoma, oil fields are reported to be a tangled mass of beams, pipes, derricks and machinery. Fifty derricks are totally destroyed. The railroads also suffered heavily.

## OPTIMISTIC REPORTS FROM WILSON

PRESIDENT REPORTS "FINE PROGRESS" MADE BY PEACE CONFERENCE IN LAST TWENTY-FOUR HOURS

(Special Service to Glendale Evening News)

Washington, April 10.—Hammering ahead along the path he has definitely selected, the President reported "fine progress" in the peace conference at Paris during the last twenty-four hours, according to private messages arriving here. Optimism here has been materially increased.

## PEACE POSSIBLY BY EASTER

AGREEMENT REACHED ON SAAR VALLEY, INTERNATIONALIZATION OF FIUME, AND WAR RESPONSIBILITY

(Special Service to Glendale Evening News)

Paris, April 10.—The peace situation has changed over night from deep gloom to the greatest optimism.

Apparently Italy has agreed to the internationalization of Fiume and an agreement has been reached on the questions of reparation, responsibility for war, and on the Saar Valley question. It is reliably forecasted that predictions of peace by Easter may not fall many days short of the mark.

It is generally believed that Lloyd George holds the balance of power and that he is supporting President Wilson unstintingly.

## JAPAN'S POLICY IN SIBERIA

EXPLAINED TO DIET BY GEN. KANAKA, WHO SAYS JAPANESE FORCES HAVE BEEN INCREASED TO 150,000

(Special Service to Glendale Evening News)

Tokio, Japan, April 10.—General Kanaka, minister of war, today told the Diet that Japan originally was called upon to send 6,500 troops into Siberia, but the force was gradually increased until at one time there were 150,000.

Explaining Japan's Siberian policy, General Kanaka said that if chaos is permitted to continue in Siberia, it will spread to Manchuria and threaten the safety of Japan.

He declared it was true the Bolsheviks are a political party, but that if they threaten Japanese interests there is no alternative but to fight to disperse them. Japanese troops in Siberia, he said, are working on this principle.

## STREET FIGHTING AT DUSSELDORF

(Special Service to Glendale Evening News)

Berlin, April 10.—Street fighting has started in Dusseldorf and Magdeburg. Many have been killed.

## CLUB FEDERATION

ITS YEAR UNDER PRESIDENCY OF MRS. MATTISON B. JONES CLOSES BRILLIANTLY

The District Federation of Women's Clubs which has been in session at Hollywood this week and which has drawn many Glendale women to its interesting sessions, closed last night in quite a blaze of glory with a banquet at which covers were laid for about three hundred. "Club husbands" were the guests of honor and responded to the toasts, after the incoming president, Mrs. Sidney P. Exley, had been introduced by the retiring president, Mrs. Mattison B. Jones, and had given a graceful word of greeting.

Mr. McGroarty was the toastmaster of the evening and cleverly introduced the toasts of the evening. "The Woman of Yesterday," to which Mr. Bennett responded, "The Woman of Today," which had been assigned to Proctor Harold (Hoover's chief assistant), but to which Mr. Hardy responded when Mr. Harold was called north. To the toast, "The Woman of Tomorrow," Mattison B. Jones responded. In introducing the three, Mr. McGroarty told the first he could go back as far as he liked, to Eve if he wanted to. To the second he said it took a hardy man to handle the woman of today, and in introducing Mr. Jones he declared the speaker had a perfectly safe theme as no one would ever be brought into court on account of anything he might say about the woman of tomorrow, whom no one had ever seen. Mr. Jones began with some humorous stories and then said that the three women toasted to him symbolized his mother, who knew nothing about clubs but who cared for her home and children in an efficient womanly way, his wife, who enjoyed club work and who also had cared for her home in an efficient way, and his daughter, who stood for the woman of the future and who would be the bi-product of these two who had preceded her, and who

WAS WOUNDED IN ARGONNE FIGHT

Setrich Eshkaman of Fresno is spending a few days with Mrs. Khadogian and family, 1022 E. Colorado. He was with the 91st in the awful Argonne fight and on Sept. 28th fell wounded while battling with his comrades near the Meuse River. A piece of shrapnel went entirely through his left arm. He was taken to a hospital behind the lines and when sufficiently recovered he was sent back to the good old U. S. A., reaching New York Nov. 22d. He was taken to Leatherman Hospital in San Francisco and later removed to Camp Kearny, where he is now stationed. He will go back there at the end of his furlough. His wound is still open and gives him considerable pain. The memory of that hell on earth is with him day and night. He saw comrades true and tried fall on every side, some dying and many dead.

## ECKLES ABSENTEES

DR. ECKLES CALLED TO MOTHER'S BEDSIDE IN NEBRASKA—MERLE FLYING IN FRANCE

Dr. James E. Eckles of 125 1/2 N. Brand left last Saturday morning for Polk, Nebraska, whither he was summoned by a telegram announcing that his mother had suffered a stroke of apoplexy. He will probably be gone two weeks. In a letter from him which Mrs. Eckles received today he stated that his mother was very low and he could not determine whether she would rally or not.

Mrs. Eckles has also received a letter from her aviator son, Merle, who is at Romanoranta, about 110 miles south of Paris, and the largest flying school in France. He went over as a motor mechanic and after still training in that department was transferred to the aviation service where his mechanical skill would be of use in connection with the planes, and now he is flying daily. At one time he had hopes of being sent home in May, but now does not look for release before September. The boys figure that the end is in sight, however, as their drill has been cut down to 45 minutes a day. Good weather has come now and the boys in camp are able to play ball which is of great interest to Merle, as he has always been foremost in athletics. His mother considers the army training he has had been invaluable, and that it is the equivalent of many months in a university. In view of his present experiences, however, she is afraid an automobile will seem slow to him when he returns.

## WAS WITH JOHN BROWN

GLENDALE MAN ONCE SERVED WITH "OSSAWATOMIE BROWN" BUT NOT IN FAMOUS RAID

Mr. A. L. Smith of 617 N. Adams street was in the Evening News office Monday, inquiring about the mayor of Des Moines, Iowa, whom the Evening News referred to a few weeks ago as having been elected by one vote, this vote being cast by a man now a resident of Glendale, Rev. Clifford A. Cole. Mr. Smith was living in Des Moines then and was on the city council at the time, 1902, and for three years more. He was also a bridge commissioner for four years. He left Des Moines in 1907 and has lived here ever since with the exception of a few months spent in Los Angeles.

Mr. Smith is one of the few surviving members of Ossawatimie John Brown's famous company that was organized in Kansas to combat the slavery advocates who sought to draw Kansas into the fold of states fostering the infamous traffic in human bodies and souls. The last fight in Kansas was at Lawrence, when a local company came over from Missouri to wipe out John Brown's force, but it was defeated badly and its captain, H. Clay Page, captured. A troop of Federal cavalry came up a little later and captured Brown and his men, but soon released them, taking away their guns but not searching their clothes. Mr. Smith had in his pocket at the time a screw driver used in adjusting his Sharpe's rifle and this he still treasures. The men were all promised their guns back if they would go to the Kansas City arsenal for them, but few of them did so, fearing to come into further contact with U. S. forces. Mr. Smith did not rejoin Brown when he organized the force a little later for war against the Southern slaveholders, so escaped the fate that befell the great leader and his devoted followers at Harper's Ferry in 1859.

## NEWS FROM HOWARD ROBINSON

F. H. Robinson of 139 North Glendale avenue received a letter Tuesday from his son Howard, who is still at Liverpool, England, in charge of a small detachment guarding a U. S. supply ship. He shipped at San Pedro, soon after his enlistment many months ago, on the Wahkula. They went to Mare Island, where they took on two 6-inch guns, and then to Port Acosta, where the boat was loaded with flour. They went down the coast, then through the Panama canal and on over to England. Howard is now a coxswain which rank is similar to that of sergeant in the army. He has not the slightest idea when he can come home. He says there are scores of flu cases in Liverpool and he does not wonder as he has scarcely seen the sun since January 28th. Fogs and rain storms are in evidence nearly all the time.

David Black, H. L. Finlay and Rev. W. E. Edmonds are representing the local Presbyterian Church at the spring meeting of Presbytery, the opening meeting of which was held yesterday at Long Beach. The closing session is being held today at Occidental College. The meeting is largely attended.

WEATHER FORECAST: Fair tonight and Friday.

## LAST LETTERS

GLENDALE BOY WRITES ON EVE OF LEAVING THE LAND OF THE HUNS

Corporal Fred Burt of Co. F, 117th Engineers, who has been with the Army of Occupation along the Rhine, is probably now on the ocean homeward bound, so the two letters below will prove doubly interesting to his friends:

March 9, 1919.

Dear Mother:—  
I have just returned from my trip down into France. I had a very fine time. I received a letter from you the morning I started. I will now answer it. Tell Aunt I saw Bingen, also the old castle. I will send some views of the different places I have been. I will tell all about them on my return. There is too much to write. I was at Marseilles. The climate there is like unto that of California. I was there four days. I had a boat ride around Prisoner Island. "That's the place where Monte Carlo was kept," which I enjoyed. Then I went to the arts museum. I saw some very fine paintings, also statues. The old cathedral was built B. C. I went to Lyons from there. There are some very old and beautiful buildings here. I forgot to tell you that I sat

## SERIOUS SHORTAGE OF HOUSES AND ROOMS

Yesterday a gentleman from an Eastern State, who earnestly desired to spend the summer in Glendale with a view to locating, tramped the streets for hours trying to find a furnished room to rent, and was unsuccessful. And nearly every day families desiring to rent homes with a view to locating permanently, if conditions suit them (as they always do in Glendale), are unable to find accommodations. Glendale is thus losing a very desirable class, not only of summer tourists, but of permanent citizens. It is hoped new buildings will be erected as fast as possible to take care of people desiring to live in Glendale, and for the credit of our beautiful city does it behoove some of our citizens to make room in their homes, if they have spare space, for reputable people desiring to rent rooms.

## ELECTRIC LIGHTED HENS

And now they do say that positive proof is at hand that electric-lighted laying houses for hens increase egg production. A professor at Cornell University has made tests extending over a full year. One hundred hens were kept in coops lighted until 9 o'clock every night and another 100 hens on regular daylight schedule. The lighted hens laid 140 dozen more eggs in the year than did the regulars. With eggs averaging 50 cents a dozen, that means \$70 difference in favor of electricity. The poultryman must figure out for himself, however, if the extra income pays for the light bill and the additional work and feed.

## CLUB FEDERATION

(Continued from Page 1)

would take her place in the world and command admiration as a co-worker with the men of the world.

The convention was notable in many ways for which much credit is assigned to Mrs. Jones, the retiring president. When she took the office 154 clubs were enrolled in the federation. She is turning it over to her successor with an enrollment of 164. The attendance was the largest of any district convention that has ever been held and was sustained throughout the sessions, which were exceedingly harmonious as proved by the dispatching of business for which an hour was allowed each morning of which only twenty minutes was actually consumed, the balance being left for the excellent program which was grouped around the central

theme of the League of Nations, which was presented from almost every standpoint. The most thorough and logical review was probably given by Senator Phelan, a logical, non-partisan presentation which greatly impressed the immense audience which he addressed. Dr. Hodgins, the last speaker, compared the Vienna and Paris peace conference of one hundred years ago with those of today and reviewed the history of the men composing that first conference, the problems they had to deal with and the success they might have had if they had taken a different course. He also compared Lloyd George, Clemenceau and Wilson explaining his difficulties in doing justice to the President by saying it is hard to get the proper view of a big object at close range.

## DEVASTATED FRANCE

### HIGH SCHOOL STUDENTS' DRIVE FOR RECONSTRUCTION FUNDS MAKING GOOD HEADWAY

With a disposition to get sport out of work as well as out of play, the students of Glendale Union High who have undertaken to put through the drive to provide a fund for first aid to the peasants of the devastated portions of France, under the direction of Principal George U. Moyse, who has been appointed the Glendale chairman of the state and nationwide campaign, have entered into a competition of the classes of the third period under a challenge issued by the third period American History Class taught by Professor Howe which read as follows: "We, the third period American History Class of Glendale Union High School, do hereby challenge any other third period class to bring in a larger percentage per person in the drive to rehabilitate France." Signed for the class by its president, Ruth M. Ryan. Yesterday Miss Hanson's class, a group of seven, turned in \$6.25, which made that group the leader for the day, though Miss Brown's class of thirty students turned in \$20.90. The campaign will continue tomorrow and Monday and Mr. Moyse hopes the community will co-operate with the boys and girls and hand in their subscriptions without delay so that the drive may be closed Monday and the quota of \$500 reached or exceeded. Yesterday a total of \$105.70 was turned in and thus far today \$125 has been received. It is an encouraging start and if all will respond promptly, Glendale will go over the top, Mr. Moyse says. Lucien Brunswig is the director of the state campaign, and Judge Hugh Neal Wells the director of the campaign in Southern California.

### INTERMEDIATE BASEBALL SERIES

In the game today which was between the Giants and the Cubs, there was a tie at the end of the third inning when Charley McComb made a home run and the bell rang forcing them to quit. The score stood 7 to 7.

**RYLAND TONIGHT**  
Rev. E. P. Ryland, pastor of the  
East Hollywood Congregational  
Church, will be the speaker at the  
Glendale Congregational Church.  
This evening the topic of the address  
is: "The Spirit of Prayer."  
Dr. Ryland is well and favorably  
known in Glendale, having spoken  
before the Federated Brotherhood  
and other organizations. He was  
formerly superintendent of the Meth-  
odist Episcopal Churches of the Los  
Angeles district.  
As a speaker, Dr. Ryland is in-  
tensely earnest, eloquent and pro-  
foundly spiritual. Those who hear  
this man tonight will be most fortu-  
nate.  
The address last evening by Rev.  
Howard D. French was most helpful  
and inspiring. The speaker said that  
the most important thing in the  
world was a human life.  
The chief objective of a church is  
not to save itself, but to save men.  
Personal effort is essential. Every  
life should be the source of a stream  
of blessing, joy and helpfulness. The  
person who has never won a life for  
Christ has missed the real meaning  
of living.  
Mr. Miller, with his golden harp  
added much to the interest of the  
meeting.  
Mr. T. S. Caldwell will sing this  
evening.  
Last night's service was inspira-  
tional, hopeful and encouraging, and  
indicates that the series of services  
will be most successful.

**JOINT P. E. O. INITIATION**

was held Wednesday at the home of  
Mrs. D. H. Smith, 302 N. Maryland

the members of Chapter A. H. It  
was a perfect spring day and the  
house was gay with spring flowers.  
As usual the ladies met in the fore-  
noon and the members of A. H. were  
guests at luncheon. An unusual  
feature of the meeting was the joint

**CLAIM JUMPING—HORSE STEAL-

In the days of early mining activ-  
ity, claim jumping was considered  
next to that of horse stealing, a crime  
that called for drastic measures us-  
ually, at the hands of a vigilance  
committee; today there are other re-  
sources with which to remedy a mat-  
ter of this sort without resorting to  
old-time punishment, even the claim  
piracy is again in vogue.  
To W. J. Allen of Glendale, Cal.,  
whom it has been reported has jump-  
ed (located) one or more of the three  
lode mining claims, located by the  
undersigned in the Bouquet Mining  
District, Los Angeles county, Cal.,

take notice:

county, Cal., in Books 50-51 and 52,  
Pages 168-62 and 57. Instrument  
Nos. 314-415 and 414 respectively.  
The penalty for molestation of lo-  
cation monuments, changing or in  
any way destroying the established  
boundaries of a mining claim are se-  
vere enough to suit the most san-  
guine claim jumper.

above claims does not immediately

**THOU ART IN MY SOUL, O GOD!**  
(By Francis Lee Chauvan)  
"Unhappy man! thou bearest about  
with thee a God and knowest it not."  
Epictetus.  
Thou art in my soul, O God!  
I will not dishonor Thee;  
To live in Thy breath of love,  
Is to live eternally.  
Thou'rt the Golden Mean, O God!  
Of my mind, its reason true,  
That gives the temperate thought  
And keeps me in clear of view.  
Back of evil's smile I see  
Evil's self in its real;  
I smile as it turns away  
And tries its cheek to conceal.  
It sees in Thy flame of sword  
That pierces its dark of night,  
The guard of the souls that trust  
In the glory of its might.  
To bend humbly in Thy strength,  
Not in my weakness, will give  
To my soul, in its duty,  
The pride of life it will live.  
All the diamonds that gleam  
On Afric's brow, are to me  
But glitter to the treasure

**RYLAND TONIGHT**  
Rev. E. P. Ryland, pastor of the  
East Hollywood Congregational  
Church, will be the speaker at the  
Glendale Congregational Church.  
This evening the topic of the address  
is: "The Spirit of Prayer."  
Dr. Ryland is well and favorably  
known in Glendale, having spoken  
before the Federated Brotherhood  
and other organizations. He was  
formerly superintendent of the Meth-  
odist Episcopal Churches of the Los  
Angeles district.  
As a speaker, Dr. Ryland is in-  
tensely earnest, eloquent and pro-  
foundly spiritual. Those who hear  
this man tonight will be most fortu-  
nate.  
The address last evening by Rev.  
Howard D. French was most helpful  
and inspiring. The speaker said that  
the most important thing in the  
world was a human life.  
The chief objective of a church is  
not to save itself, but to save men.  
Personal effort is essential. Every  
life should be the source of a stream  
of blessing, joy and helpfulness. The  
person who has never won a life for  
Christ has missed the real meaning  
of living.  
Mr. Miller, with his golden harp  
added much to the interest of the  
meeting.  
Mr. T. S. Caldwell will sing this  
evening.  
Last night's service was inspira-  
tional, hopeful and encouraging, and  
indicates that the series of services  
will be most successful.

William S. Hart, one of the virile  
film actors of whom thousands of  
patrons of picture shows never tire,  
will be seen at the Palace Grand  
Theatre tonight (Thursday) in  
"Breed of Men" typically western and  
full of the situations in which he  
shows to such advantage. There will  
also be a Vitagraph two-reel comedy,  
"Footballs and Frauds."  
Friday the screen will show Shir-  
ley Mason and Ernest Truex in  
"Good-bye Bill," full of humor and  
other things which will afford a de-  
lightful evening's entertainment.  
There will also be Burton Holmes'  
outdoor pictures. The shows will be  
under the auspices of the Parent-  
Teacher Association and there will  
be but one matinee and that at 3:30

**JUST NOTIONS**  
The proprietor of the Williams  
Dry Goods Store did a shrewd thing  
for himself and for his patrons when  
he put "Notions" in the center of his  
establishment opposite the door  
where they would suggest small  
needs to every incomer. Few, even  
of those who come "just to look," can  
pass such an attractive array without  
making a purchase. Notions are a  
very important part of Mr. Williams'  
stock and it is his pride that a diffi-  
cult shade of sewing silk can always  
be matched at his store. They are  
just little things—thread, needles,  
hairpins, darning cotton, veils, hair  
nets, etc., but they are universal re-  
quirements and the best of their  
kind. They bring, he admits, hun-  
dreds of dollars to his till every  
month. 186t1\*

### LAST LETTERS

(Continued from Page 1)

on the throne of King Louis III. I was in the grand reception room of King Louis XIV, also I saw some of the most beautiful silks of the world. I am sending two large views of Lyons. I was on the big hill where you see the tower. I will tell you about the church some day soon. I saw the world-famous statue called Bartholdi's Fountain. He made the Statue of Liberty that stands in New York Harbor. I will send quite a few books of views to you now. Let me know as they arrive as I want to add them to my collection. I will say that we expect to sail the last of April or first week in May. I guess you have seen it published. I am well and hope all are the same at home. Good-bye.

Your loving son,

FRED.

March 18, '19.

Dear Mother and All:—

I received your letter last Thursday. The reason I did not write sooner was that I wished to write after the parade. I am glad that the postal cards arrived. You should have the albums I sent by now, also the cards from France which I sent while down there. Yes, the Valley of the Rhine is very beautiful. I would like to see this country in the summer.

Paul is sure lucky. I hope that he makes good. I hope Leo will be able to dodge autos before I get back because I do not want to get run into. I am glad to hear about the Densmores. It is a load off Leo's mind. I have been looking for a letter from Marion, but I guess she is pretty busy. Tell her hello for me.

I am going to try to see Uncle 'Gene if I stop over in New York state this time. If you get to see Ed, tell him hello for me and that I will see him soon.

Sunday Gen. Pershing was here. There was a big parade. It sure was a great sight to see so many soldiers marching in review. I have been with my company since Friday. We were inoculated, "shot in the arm with bugs," as we say, yesterday. My arm is pretty stiff today. This morning I went back to Linzig, at my old job again. I have an easy life now. I had a letter from Winnie the other day. She sent some pictures. I did not know Helen or

Christie, but Winnie is the same sweet-looking girl. I heard the other day that Leo was going to get married soon.

Well, Mother, orders are now that we sail the first week in April. They may be changed, but I hardly think so. I guess you have the news back there some time before now. Address my mail the same. It will meet me. This photo I am sending you is myself lacking my lucky smile as the boys say. They were taken here in Linzig. I must close now, hoping to receive the answer to this letter at home. Good-bye.

Your loving son,

FRED.

## A NOVEL THOUGHT

GREAT RESPONSIBILITY RESTING ON RESIDENTS OF THIS BEAUTIFUL VALLEY

At Central Christian Church Sunday evening Pastor Cole preached on the subject, "Rebuilding Ruined Temples," comparing such temples with ruined lives. After describing the three types of ancient Grecian architecture, the Doric, Ionic and Corinthian, taking the Doric as his model, he showed the method of construction, the ratio between the height and diameter of the columns being 6 or 5 1/2 to 1, the same as the body of a man. He then described the other parts of a Doric building, the broad foundation on which the columns rested, the capital of each, the frieze stretching across the front and the roof above all. This was compared to the building of human character, the speaker naming seven necessary attributes, among them and probably the most important being "Responsibility." Then came the startling statement that upon the residents of beautiful Glendale probably more than any other on God's footstool rests the greatest responsibility. "He to whom much is given from him is the more required." We have God's choicest blessings, beautiful homes and surroundings, pure air and healthful conditions, therefore we should be the most grateful people on earth and show this gratitude by unceasing work for the Master.

## VICTORY CAMPAIGN

DR. FRENCH E. OLIVER TALKS ON "A GREAT WORK DEMANDS GREAT PREPARATION"

Sermonettes gleaned from the sermon on the sixth chapter of Isaiah, last evening, at the Presbyterian Church:

Any man who is to receive a great vision such as is in the 53d chapter of Isaiah and present it to a perishing world, must have great preparation.

Notice the significant fact that when Isaiah saw the Lord, "high and lifted up," he was in the Temple, the place one would most naturally expect to find the Lord. Therefore the man who wants God must put himself in the way of God's blessings.

The human heart is the same today as it was yesterday. When a man is in trouble he realizes the limitations of his soul, and he turns toward God. God's patience is absolutely sure to be exhausted with some certain cases. "My spirit shall not always strive with man."

When Isaiah had a vision of the Lord, he looked at himself, not at his neighbor, and said: "Woe is me, for I am undone."

If the people in the churches were as much afraid of sin as they are of purity and holiness, what a change there would be in the churches. People pray now-a-days, "Lord forgive our sins," not, "my sins." Jacob received his victory when he confessed his sin. In this Victory Campaign, short as it is, most of the people are asleep. If they were awake they would be winning souls to Jesus Christ. "He that humbleth himself shall be exalted and he that exalteth himself shall be abased."

If you clean up and get out of the way, the shot won't hit you.

If you want victory tell God the besetting sin which is holding you back.

The afternoon audiences at the Bible Study on "Faith" are doubling each day in number. Come out and bring some one with you. These are days that will soon be over. Other things can wait.

### TUJUNGA

The first of April Mr. Richardson changed his schedule for the stages in order to accommodate all passengers from the valley. It would seem wise if we would all try to patronize him, in order that we may have transportation to the city. If part of the stages are taken off we will be obliged to get in the best way we can or be crowded out of our places. This stage line has been running now since the founding of the colony—and as we have no car line, a word to the wise should be sufficient.

Four ladies from Boston, Mass., have rented the Parcher house on Stephens Way for a few months, as they are all pleased with the surroundings here.

Mr. Fortier has returned to Los Angeles for a two weeks' stay at his home there.

Dr. Wilkinson and family were out for the week-end at their place on the highway.

A colony meeting will be held at Bolton Hall Monday evening, April 14th. A good program will be provided, and a large attendance is desired.

We regret to learn of the passing away of Mrs. Willis Hancock, at her home in Los Angeles. Mrs. Hancock purchased a home here last summer on the corner of Summit and San Ysidro, but during the winter her failing health compelled her to return to her home in the city, where she passed away.

Mr. and Mrs. Hall and son came up from Huntington Park for a short stay until Mr. Hall goes out again on the road.

Mrs. Jacobs is a visitor in Tujunga for a few days.

Howard Smithies, son of Mrs. Jacobs, has been released from duty, but again advanced to lieutenant, and instead of the furlough he expected, was assigned to another boat and will sail for the Mediterranean, stopping in Italy and at Constantinople. He will be away about three months.

Two or three light dashes of rain visited this section Monday evening. From appearances it must have rained very hard in the mountains north.

Mr. A. C. Morgan, brother of Mrs. W. H. Wieman, passed away on Monday at the home of W. H. Wieman, after an extended illness of some

Mrs. Darlington has gone to Redlands on account of the illness of her mother, who resides there with a brother of Mrs. Darlington.

Miss Mary Lewis left on Thursday morning for a trip to San Bernardino county with Miss Esther Johnson, for a visit at Miss Johnson's orange ranch.
